कार्यालय ज्ञापन /Office Memorandum

Sub: Curation, conceptualization and designing of new galleries

Based on the recommendations made in the 167th meeting of the Directors' Committee of NCSM held on 31st August, 2022, it has been decided that due to limited budget under GIA-CCA during past 2-3 years and the recent trend on allocation of funds under this head, Curators may be involved in creative works taken up by various zones such as curation, conceptualization and designing of new galleries/exhibitions with graphics, labels etc. on contemporary scientific themes relevant for the society. Once the funds are available from MoC or requests come from some other organizations, it may be executed in short span of time. It has also been decided that Curators involved in such project(s) may also reflect such works in their APAR.

This issues with the approval of DG, NCSM.
